The sea bathes Tulum and inspires it to reflect the transcendence of this wellness home resort.

Far from everyday concerns and in the middle of two seas rises Acalai.

Acalai is the name given by alchemists to the salt found in nature.

A privileged location to relax and unwind, surrounded by nature.

Whether on a bike ride, using the available shuttle, or traveling in your own car, this great hub is always within reach.

Tankah is located on the coast of the Riviera Maya, near Tulum. It is considered one of the most exuberant and beautiful beaches.

Since underground freshwater rivers flow, it is known as a freshwater pool.

Connect with the natural mysticism of Tankah in a space with the privacy and comfort of home with exquisite accommodations and acclaimed amenities of a high-end residential beachfront.

GREEN SEA:

The imposing green sea of nature captivates and enchants with its comforting sounds—a refuge to reconnect with the natural mysticism of the jungle.
