THE DETAILS

The property

ICHT Tulum, is the new development of the well-known Origin Group. This development is one step ahead of what is sought in Tulum: security, comfort, exclusivity and the best location. Located on the edge of the National Park, ICHT Tulum will be one of the reference options for those investors who want contact with Nature without losing the value of a high-end property and a comfortable and safe area. ICHT Tulum is located within the private subdivision "El Mirador" so it will have double security access and amenities both in the subdivision and within the development. It has 4 swimming pools in common areas, roof top in each tower, gym, trails and green areas. In addition, the ground floor apartments have their own swimming pool (swim up). ICHT Tulum will be developed on a plot of 11,000 m2 and a low density of apartments (160), so the common areas are vast and spacious. All apartments are delivered fully furnished and equipped, those on higher floors will have a stone bathtub on the balcony. A luxury! Take advantage of the launch and earn up to 40% surplus value at the end of the construction. In Icht Tulum we have the best set of amenities to make the decision of being part of us easier.
