THE DETAILS

The property

WOHA introduces a new eco-friendly living space in Cancun, focusing on sustainability and comfort. It's designed for those seeking a lifestyle that balances modern amenities with environmental responsibility. WOHA incorporates advanced design and technology to promote efficient and sustainable living.

The residence features owner-exclusive elevators, service, and emergency entrances, and emphasizes energy and water-saving systems. The homes include efficient kitchens, hurricane-resistant features, and large living spaces with natural lighting. Terraces provide stunning views of the surrounding natural beauty, encouraging a life in tune with nature.

WOHA is committed to eco-friendly living, with solar panels, wind energy, water conservation, and waste management systems. Building Information Modeling (BIM) technology enhances resource use, making WOHA more than just a home but a step towards a greener future.

Amenities include:

- Exclusive and service elevator access
- Energy and water-efficient systems
- Kitchens designed for efficiency, hurricane-resistant features
- Large windows for ample natural light
- Terraces with views of nature and the ocean
- Renewable energy sources and advanced protection against natural disasters
- LED lighting, water recycling, and waste sorting
- BIM for efficient resource management
- Semi-Olympic pool, children's pools, and club
- Wellness center, steam room, and top-tier fitness center
- Event spaces, sports bar, lounge, and outdoor barbecue area
- 24-hour security, concierge, and a separate service entrance

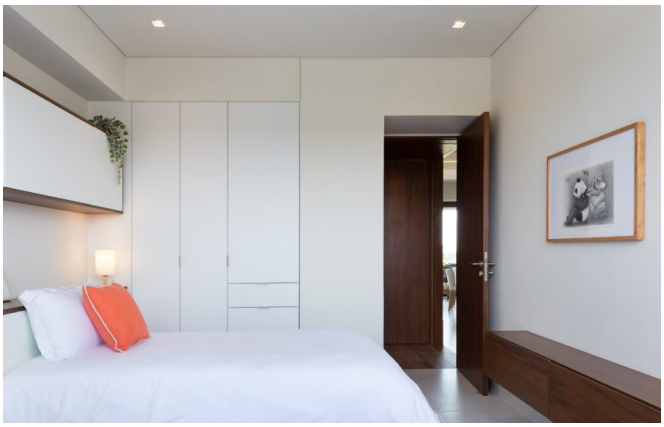

WOHA represents a commitment to sustainable and balanced living, offering a chance to join a community focused on growth and harmony.
