Bedrooms: 4

Bathrooms: 3

Size: 3,370 sq ft

Address: Beachfront, Corasol, Playa del Carmen Real Estate, Quintana Roo, 77710

Description

A beachfront setting, private elevator access, and carefully curated finishes define this residence along Mexico's Caribbean coast. Designed for buyers who prioritize both design integrity and day-to-day comfort, the condo combines contemporary architecture with warm, natural materials that reflect the surrounding environment.

Natural light plays a central role throughout the home, with expansive sliding glass doors opening the main living areas directly to the terrace. The layout brings together the kitchen, dining, and living spaces in a way that feels open yet intentional. Interior finishes include travertine-style flooring, Chukum wall treatments, and integrated architectural lighting. The kitchen stands out with custom white oak cabinetry, high-end natural quartzite stone surfaces, and a full suite of SMEG appliances. The residence is offered fully furnished with custom-designed pieces, allowing for immediate use without the need for additional outfitting. Two assigned parking spaces and direct elevator entry add a level of convenience that is not always found in beachfront properties.

The outdoor terrace extends the living space and is designed with both relaxation and hosting in mind. A built-in barbecue and dedicated dining area make it well suited for entertaining, while the lounge area provides a comfortable setting to enjoy the coastal setting. Bathrooms follow a consistent, modern aesthetic, featuring double rainfall showers, built-in niches, and matte black fixtures.

Residents have access to a full range of amenities within the community, including a private beach club, multiple swimming pools for both adults and families, a fitness center, spa, and a dedicated kids club. Dining and social options are integrated into the property with restaurants, a sushi bar, juice bar, café, gourmet market, and a speakeasy-style lounge. Additional recreational features such as indoor basketball and paddle courts, a sports bar, and access to golfing round out a comprehensive lifestyle offering in a well-established beachfront development.
