Contemporary tropical interiors, a spacious layout, and direct views across the community pools and surrounding jungle landscaping create a practical setting for full-time living, extended stays, or use as a vacation property.

The main living area follows an open-concept design that connects the lounge, dining space, and gourmet kitchen. Its generous proportions provide room for both everyday living and entertaining, while large openings extend the interior onto a private terrace. From here, residents can enjoy views of the organically designed swimming pools, mature tropical surroundings, and evening sunsets. The floor plan also provides separation between the social areas and bedrooms, supporting privacy when hosting family or guests. The primary bedroom includes its own en-suite bathroom, and the residence is offered furnished with coordinated contemporary décor.

The Village provides an extensive selection of amenities designed around recreation, wellness, dining, and convenience. Residents have access to multiple resort-style pools, lounging areas, a semi-Olympic swimming lane, a rooftop sky gym, yoga areas, running and walking trails, fire pits, and shared social spaces. Family-oriented facilities include a kids club, children's playgrounds, and mini golf, while additional services include an on-site café, restaurants, grills, a pet spa, secured private parking, a motor lobby, and concierge assistance.

Corasol is also home to the 18-hole Gran Coyote Golf Course designed by Nick Price, along with access to Costa Beach Club. Controlled entry, CCTV monitoring, and 24-hour private security support a secure residential environment, while an on-site property management and rental program provides added convenience for owners who do not plan to occupy the condo year-round. The community is approximately eight minutes from Playa del Carmen's Fifth Avenue and about 40 minutes from Cancún International Airport, offering access to the city's restaurants, shopping, beaches, and regional transportation connections.
