Description

The four-bedroom residences at Viceroy Residences Playa del Carmen are created for buyers who need a larger coastal home without giving up the convenience of serviced ownership. Set on Calle 32 Norte in Gonzalo Guerrero, the building places owners close to the Caribbean, with direct beach access, a resident-exclusive beach club, and residential hospitality support.

Select four-bedroom plus den layouts offer approximately 2,852 square feet (264.92 square meters) of total living space, giving owners room for family, guests, work, and longer stays in Playa del Carmen. The design emphasizes open indoor-outdoor living, with sliding glass doors connecting the main spaces and bedrooms to outdoor terraces, while living-area ceiling heights of approximately 9.2 feet (2.8 meters) help create a bright and comfortable residential setting.

Interior specifications include an open kitchen with travertine-tone countertop and backsplash, light oak cabinetry, premium Italian cabinets, stainless steel appliances, imported European porcelain tile flooring, spacious primary bedroom walk-in closets, and bathrooms with glass-enclosed showers and natural stone countertops.

Owners also have access to a rooftop terrace with three infinity pools, yoga and meditation terrace, landscaped grounds, sculpture garden, ocean-facing restaurant, poolside bar and cabanas, fitness center, spa facilities, multimedia room, teens lounge, kids club, executive business center, and private event space. Final floor plans, views, furnishings, services, specifications, and availability should be confirmed in the latest developer documents and purchase agreement.
