**Size: 636 sq ft**

**Address:** Beachfront, Tankah Bay, Tulum Real Estate, Quintana Roo

## Description

The one-bedroom residences at Belmare by Bespoke offer a refined introduction to beachfront living in Tankah Bay, one of the most protected and low-density coastal environments in the Tulum region. Designed for buyers seeking privacy, design integrity, and long-term value, these residences combine thoughtful architecture with access to a full suite of resort-level amenities.

Ranging in size and layout, the one-bedroom homes feature open-plan living spaces that prioritize natural light, ventilation, and seamless indoor-outdoor flow. Expansive terraces extend the living area and create a strong connection to the surrounding jungle landscape, offering a sense of calm and discretion within the property. Interiors are efficiently planned, balancing comfort and functionality with high-quality finishes and a contemporary coastal aesthetic.

Owners enjoy full access to Belmare's oceanfront amenities, including the private beach club, natural oceanfront pool, pier, wellness sanctuary, and curated dining and lounge experiences. This allows residents to enjoy the benefits of a true beachfront setting while maintaining a more private residential atmosphere.

The one-bedroom residences are well-suited for personal use, extended stays, or as part of a diversified real estate portfolio. Their scale, location within a tightly regulated market, and access to professional management services position them as a compelling option for buyers seeking a secure entry into Tankah Bay's limited coastal inventory.

Belmare by Bespoke's one-bedroom offerings reflect a careful balance of lifestyle and investment considerations, delivering ownership within a beachfront development defined by environmental protection, architectural restraint, and enduring value.
