## Description

The two bedroom residences at Belmare by Bespoke offer a sophisticated balance of space, privacy, and coastal living within one of Tankah Bay's most protected beachfront developments. Designed for buyers seeking both lifestyle enjoyment and long-term value, these residences provide a refined residential experience supported by resort-level amenities and professional management.

These homes feature well-proportioned interiors with open living and dining areas that flow naturally onto generous terraces. The layouts are designed to maximize natural light and cross-ventilation, creating comfortable, functional living spaces suited for both full-time use and extended stays. Select two bedroom residences offer lock-off configurations, enhancing flexibility for personal use or rental strategies.

While not all two bedroom residences are positioned directly on the beachfront, owners enjoy full access to Belmare's oceanfront amenities, including the private beach club, natural oceanfront pool, pier, wellness sanctuary, and curated dining and lounge spaces. This ensures a seamless connection to the sea while maintaining a discreet residential setting.

The two bedroom category appeals to buyers seeking greater versatility, whether for family use, entertaining, or high-end vacation rentals. Located within a tightly regulated coastal zone with limited future supply, these residences represent a compelling opportunity to secure space, comfort, and long-term value in Tankah Bay.

Belmare by Bespoke's two bedroom residences reflect a thoughtful approach to coastal living, combining architectural quality, environmental stewardship, and a complete amenity offering within a beachfront setting.
