

Condos 8 Tulum 2 Bedroom Condo

Price: \$174,500 USD

Bedrooms: 2

Bathrooms: 1

Size: 944 sq ft

Address: La Valeta, Tulum Real Estate, Quintana Roo

Description

The number eight or “uaxac” represents sacred integrity in ancient Maya language. Echoing the musical octave, eight is the finalization of the scale of seven notes; harmonic balance; a return to home. It is the tuning of your natural vibration to that of the universe, creating ease of life and a symphonic flow. Uaxac is power and balance. The potential of the soul The ability to mold your reality and manifest your dreams.

These pre-sale condos are located just minutes away from the ocean-front Mayan ruins, amazing fresh water cenotes, and Tulum’s famous white sand beaches. The perfect location to live, or to rent-out homes.

“**La Veleta**” translates to “the weather vane” in English, and it isn’t hard to tell which way the wind is blowing, as we set foot in Tulum’s hottest new neighbourhood. Formerly a sleepy residential area, the paving of a new beach access road on Av. Kukulkán is creating an exciting new city centre here that has only begun to explode.

Residents here will truly have the best of both worlds – just a short walk will take you to Tulum’s lively and authentic downtown, with its wide array of excellent shops and restaurants; or, take a quick bike ride down Kukulkán and you will be swaying with the palms and playing in the turquoise waters of one of the world’s most pristine beaches.

Explore the verdant jungle of the Sian Ka’an Biosphere, and area of such diversity it has been declared a UNESCO World Heritage Site, and your next-door-neighbour to the south.

Snorkel in the area’s abundance of cenotes – inviting, blue-green fresh freshwater oases found just outside your door. Dive in them, and discover the world’s most extensive underwater cave system. Get to know the local Mayan culture, and study the nearby ancient ruins, overlooking the ocean cliffs. Breathe, and be well – from beach-front yoga to healthful dining options, Tulum invites you not only to your new home, but your new lifestyle.
