Price: \$144,636 USD

Bedrooms: 1

Bathrooms: 1

Size: 1,033 sq ft

Address: Tulum Centro, Tulum Real Estate, Quintana Roo, 77760

Description

Kaatal Oox is a brand-new development integrated by 7 houses and one studio, located in the beautiful and peaceful city of Tulum.

We combine the experience of the four different projects that we made before, to make Kaatal Oox be a place that you could call home, our project has a perfect balance within the nature, counting with the 50 % of green areas, and the architecture is designed to be in touch with the vibes that predominate at Tulum.

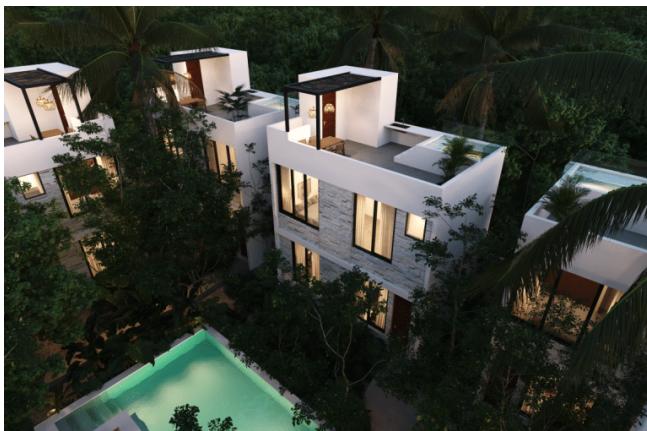

Any of the houses has its own rooftop, and includes their private pool, making this your perfect, quiet, relaxed, and peaceful place.

We are perfectly located at the center of the town, this is a perfect spot for you to go anywhere you want to go easily, Tulum center is no more than 10 to 12 minutes from the public beach, the Ancient Ruins, and the restaurants and hotel area.

As many people know, Tulum is also close to magnificent Cenotes, funny and adventurous parks, and close to interesting tourist attractions, such as Akumal, Xcaret, and is close to the cosmopolitan cities of Playa Del Carmen, and Cancun.

In Kaatal Oox we want you to make your life easier, incorporating the best architecture, and the best service as a gym, and in the future will be making new things for our people.

For more photos and videos of the construction of Kaatal Oox please contact us and an agent can send you the files.
