Contemporary Design Meets Mayan Craftsmanship

Spanning 135 m², the penthouse combines elegant interior spaces with expansive outdoor living areas. The open-plan living and dining room flows seamlessly into a fully equipped kitchen finished with Tzalam wood cabinetry, chukum walls, and polished concrete surfaces — a refined nod to traditional Mayan craftsmanship. Floor-to-ceiling windows frame the lush jungle canopy, filling the home with natural light and creating a tranquil connection to the outdoors.

Private Outdoor Oasis

Your private terrace invites relaxation and rejuvenation, complete with a plunge pool ideal for unwinding under the Caribbean sun. The views extend over the jungle and the building's striking architectural lines, offering a serene backdrop for morning yoga, sunset gatherings, or quiet evenings beneath the stars.

Comfort and Privacy in Every Detail

Each of the three spacious bedrooms is thoughtfully designed to maximize comfort and privacy. The bathrooms feature artisanal finishes, soft ambient lighting, and spa-inspired touches, creating a retreat-like atmosphere that complements the natural surroundings.
