Description

Paramar Black is the seventh development of the Brand, which promises to be one of the most exclusive and luxurious developments of Aldea Zama.

Allow your senses to take you on a trip beyond comparison through this unique composition between elegance and nature.

The design in dark shades creates this unique contrast with the natural materials incorporated. Spaces are more planned with the purpose of letting residents have this wellness sensation, having an amazing view to the jungle.

Be part of Paramar's family in this evolution towards greatness Paramar Black is arriving to renovate the first part of what Aldea Zama currently is. A community that addresses sustainability through an environmental mindset by promoting electric mobility, bike lanes and harmony between developments and nature.
